Domestic Politics.....	10
Amended Indigenisation Laws Of Little Solace To Investors	
<p>In spite of the Zimbabwean government's attempts to soothe the fears of foreign investors by making amendments to the country's indigenisation legislation, we believe the foreign investment will remain constrained by the existence of the law.</p>	
Long-Term Political Outlook	11
Navigating The Political Minefield	
<p>Zimbabwe faces many challenges as it seeks to end a decade of political turmoil.</p>

Chapter 2: Economic Outlook	15
SWOT Analysis.....	15
BMI Economic Risk Ratings	15
Economic Activity	16
Political Situation Shackling Economic Potential	
<p>We maintain our view that the Zimbabwean economy will grow by 5.4% in 2010 and 4.9% in 2011 as political volatility will continue to weigh on the country's economic prospects.</p>	
TABLE: ECONOMIC ACTIVITY	16
Balance Of Payments.....	18
Reforms Needed To Avert Balance Of Payments Crisis	
<p>Zimbabwe's balance of payments position remains on extremely precarious footing.</p>	
TABLE: CURRENT ACCOUNT	18
Monetary Policy	19
Rapid Price Growth Not On The Cards	
<p>We have adjusted our end-of-year inflation forecast to 6.3% y-o-y from 7.7% previously and, as a result, we now believe that headline inflation will average 4.0% in 2010.</p>	
TABLE: MONETARY POLICY	19
Regional Outlook	21
Private Equity: Exploiting The Gap	
<p>In line with the historical trend, BMI's Africa desk believes the major impulse for economic growth in Sub-Saharan Africa over the coming years will come from rising consumer demand.</p>	
Chapter 3: 10-Year Forecast.....	23
The Zimbabwean Economy To 2019.....	23
2009: A Game-Changing Year?	
<p>After a decade of economic contraction, we believe the Zimbabwean economy could return to a robust growth path if political stability is maintained.</p>
